Subject: Transshipment Containers

---

Effective immediately, in an effort to meet the needs of our valued customers, Saipan Stevedore Company, Inc. will be implementing new transshipment rates for containerized cargo only. For future processing of your invoices, please refer to the following:

**1. Full container Cargoes:**

A special rate of \$100.00 will be charged to the first vessel for each full container received for transshipment. Such cargo will be shipped outbound within twenty (20) days. A special rate of \$100.00 will be charge to the second vessel. Discharging services will be charged to the representative of the first vessel. Loading charges will be the responsibility of the representative of the second vessel.

**2. Empty Container Cargoes:**

Empty containers for transshipment will be charged \$50.00 to the first vessel for each empty container received for transshipment. Such cargo will be shipped outbound within twenty (20) days. A rate of \$50.00 will be charged to the second vessel transporting empty transshipment containers. Discharging services will be shouldered by the representative of the first vessel, and loading charges will be shouldered by the representative of the second vessel.

**Please note: All containerized transshipment cargo should not be opened for the purpose of stuffing or unstuffing. Furthermore, if containers are opened or if transshipment cargo has not shipped within the twenty day period, no special rate will apply, and existing tariff rates shall be applied per container plus charges for stuffing, unstuffing, storage, or terminal/equipment services. Additional charges will be billed to the second vessel's representative.**

This Memo supersedes all correspondences issued for the same purpose.
